

Making Friends!

The Jacks are going to retire
Geordies putting his feet up at the fire
Dado bought him a pair of slippers and a Zimmer
Kevin bought him a nose hair trimmer

Over the years we've seen them in many guises
As Colorado they were winning world wide prizes
Standing ovations from Wembley to Ross shire
With Bobby Coghill they did "The mucking O Geordies Byre"

They toured Europe and the States
Counting stars such as George Hamilton as mates
Playing to sell out crowds all over the UK
Just for the love of music – and the PAY!

Their achievements in Country music is phenomenal
They have graced many a theatre and music hall
Their music has inspired many, young and old
There's many a story to be told

Now Geordies no got airs and graces
Some super stars could nae tie his laces
Master of Mandolin, fiddle and guitar
And the occasional JAR!

Yes he likes to have a beer or ten
Now and then
But no matter how many he's hed
He says: he always ends up in his own bed!

Geordie has been a great supporter of NNCCMC
Playing club nights and in his work with HIE
At the Festival, Geordie, Kevin, Trevor and Dado
They brought it to incredible finale crescendo

Now tonight is his final Nashville curtain call
We're going to have a ball
We'll let him play on and see how it end's
But we know as always he'll be "Making Friends!"

Thank you George!
